Damaged Goods, will be shown for the last times in El Paso today and to-morrow at the Wigwam. This wonderful film is to be withdrawn from public exhibition on September first.

Damaged Goods is a wonderful picture. It is more than that—it is a sermon. It is so vivid and blunt that it cannot help being impressive and as a lesson and argument for the single fandard and righteous hving, it is without an equal. It relie the vital story of life and illustrates the true meaning of the text from Exedus. The sins of the fathers shall be visited upon their children unto the third and fenrth generation.

Tanaged Goods has done more than any other one those for any lesson over 18 years of age. It tells the boy not fix years of age. It tells the boy and the girl just building into manicol and womanhood, something that her parents neglect to tell them.

To the People of El Paso and Rio Grande Valleys:

We are going to make a special highest patent flour from this local valley wheat under the 'Margorita' brand. Same will not prove to be as good a bread fictir as that made from Kansas turkey hard wheat, but it is an excellent biscuit and pastry flour. This flour will be for sale of functically all of the stores in El Paso and in the Rio Grande talkers, above and below El Paso, and those of you who are interested in the development of your valleys in an agricultural way should give this talley wheat flour a trial. It is the only way in which we can develop our valleys accordingally, a co-operation between the people

agriculturally.

A good many of you own valley lands. You are interested in the development of the valley and if you are of the right sort you will add your help in using valley products. We hear lots of talk about co-operation between the people of £1 Pass and the people of the valleys. Now, we can reduce this talk to action by buying a product manufactured in £1 Pass from the products of both the upper and lower valleys. We believe this valley wheat is peculiarly adapted for biscuit and pastry flour. It has a flavor of its own, Why not use it? We have
